NOW YOU HAVE ALL THE CONTENT AVAILABLE IN YOUR LANGUAGE!

Exciting Announcement: Our Toolkit on Balanced Funding Schemes with Business Angels Now Available in Your Language!

We are thrilled to inform you that you can now access all our materials and guides in your preferred language!

As a highlight of our first project result, you can explore our **"BAKE Toolkit on Balanced Funding Schemes with Business Angels"**. This toolkit includes the **"Codes of Conduct between Entrepreneurs and Business Angel Investors"**, offering entrepreneurs valuable guidance on managing fair and balanced investments, as well as techniques in management, communication, and legal aspects. Additionally, our **"Equalising Language Glossary"** serves as a resourceful guide, aiding business owners in understanding the technical terms used in investment conversations, enabling more effective relationships and negotiations. And to bring theory into practice, you'll find our comprehensive **case studies**.

Innovative curriculum on funding schemes for entrepreneurs!

The BAKE consortium is proud to present the second project result: creation of a common European Qualification Framework (EQF) for an Entrepreneurs Investment Officer (EIO). This **innovative curriculum, compiling 7 training modules, integrates a scheme of skills, competences, and knowledge** to be acquired at the workplace for entrepreneurs and start-ups to acquire the needed knowledge and practice to manage their own financing schemes, thus, **to go through successful investment and financing processes with Business Angels**.

You will find all these materials in English, French, Spanish, Greek and Italian in the project's website:

MORE PEOPLE ARE KNOWING BAKE PROJECT THANKS TO MULTIPLIER EVENTS!

On May 9th, MATERAHUB hosted a successful event organized by the BAKE project at the Università degli Studi della Basilicata in Matera. The event not only provided valuable insights into the world of angel investing but also facilitated networking and knowledge sharing among participants through engaging World Cafés.

FiBAN recently showcased the successful outcomes of the BAKE project at the *ship Startup Festival on May 17th and at a Startup Clinic at Maria01 on May 28th. Both events were a chance for founders to ask their questions about angel funding, get free coaching, solve their most pressing problems, or simply share what they are going through now in their startup journey.

Soon you will have access to our 3rd Project Result: our E-LEARNING COURSE!

Stay Informed!

Up-to-date news and events, as well as insightful articles on entrepreneurship and investment with business angels.
